Subject: **RE-APPLICATION FOR AGENCY REPRESENTATION IN
CAMEROON TERRITORY.**

In reply to our request for the grant of agency and right of representation in our territory of which we did not act due to financial failures on the part of the patients who could not pay for treatment and to wait for several weeks for the treatment to arrive from India.

As we have ourselves gathered some financial strength, we can now buy the treatment and supply to the patients to pay and collect.

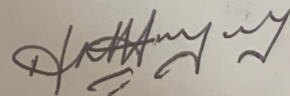

You will also note the slide change in our address.

We will request that you furnish us with the following.

1. Email and internet address including your telephone addresses, your current catalogues and price list of your herbs and minerals and your health service guide. We promise to do real business with your health service to serve the ailing population in our territory.

We are thanking you very sincerely

Yours faithfully
