Sirs,

reached me on the 10-5-96. Your letter dated 23/2/96
reached me. I was very glad to read from you
This showed me that you have the concern to
cure me and to know about my health. As you
can see from the above address, I am still in
the same town - Kumba.

I read your letter and its contents well
understood. I came to know your services through
another patient who gained 100% good health
from your medicine. When he introduced you to me,
I thought I should only try an ~~error~~ ^{error}. I never
believed there was any medicine where so ever
that could cure me but it was really a miracle
with your medicine that it cured me in a short
space of ~~the~~ time. Since then I have directed two
other patients to you (Tanyi Williams Nkemetoh
and Nzume Samuel) they have equally reported
positively. If I should have any health problem
presently, it is far ~~tho~~ from the initial complaint.

No blasphemers can manipulate me against
your medicine. So far I have received no such
letters from such wicked people. If I should I will
communicate you without any delay.

I thank you people very much for your letter.
My health now is O.K but incase of any major
healths problem I will let you know

Thanks from
