Dear Sir,

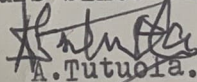

Recently, I was fortunate indeed to get your catalogue from one of my friends who confirmed earnestly to me that every treatment that you give to the sick people never fail but succeed!

Now as I am very impressed about this ~~RE~~ good news, I made up my mind at once to ask you to help me free from my problem! My problem is that I have HIGH BLOOD PRESSURE although it is not so acute. Sometimes my heart used to beat gently and this time my ~~body~~ chest ~~and~~ to head will be hot internally for some hours and then both heart beat and the ~~heart~~ internal hot or warm breath to the head will stop. Sometimes the pulse of my wrist used to read up to 180 per minute.

So I shall be happy if you will let me know how much the treatment will cost me. Please let me know as well as ~~how~~ how to send money to you, whether you accept Nigerian Money (Naira) or British cheque or pound.

Many thanks for your prompt reply.

Yours sincerely,

  
A. Tutuola.
