Dear Sir,

I have heard of the good services your Organisation render to alliviate the suffering of people all over the world. I have also heard of the effectiveness of your medicine. To this, and with hope to be among the thousands that write to congratulate you for receiving good health back from your Organisation; I have written the first letter to you, but there was no reply.

Please Sir, may you use your good Offices to reply this one. I want among other things.

- ① The brochure of things (illnesses)
- ② Current prices for medicine.
- ③ How to pay.

May God bless you.

Yours Sincerely,  
Chris M. Aneke.
